

Graduation is a joyous event for our senior students and their families.

Unfortunately, the pandemic has made it impossible to hold our Commencement Ceremony as currently scheduled on May 24, 2020.

GRADUATION UPDATE INFO

RCHS wants to make this a special time for our graduating class.

We are currently looking at several different options to provide proper recognition for our seniors.

As we discuss these options, we are closely monitoring the information distributed by the Indiana Department of Education, Indiana Health Department, and the Office of the Governor.

As conditions continue to evolve, decisions made at the state level will affect the form of RCHS's Commencement Ceremony for the Class of 2020.

As we await updated information we will continue to pursue the well-deserved recognition our seniors deserve.

On behalf of the entire Rensselaer Central Schools Corporation, we regret the many inconveniences the pandemic has created for our school family.

Please continue to stay safe.
